Members of the Community Options Advisory Council want to hear from you about your experiences with CFC and the Community Options Waiver.

If you receive Long-term Services and Supports and are concerned about recent changes in your plan of service, or if you are a family member, Personal Assistance provider or Supports Planner, please speak out and let your voice be heard.

- Please distribute this flyer to your networks of individuals, family members and organizations in order that we can truly bring the dream of living in the community to those with significant disabilities.
- Staff from the Department of Health and Mental Hygiene will be present to listen and understand your concerns as well, although individual situations will need to be discussed later with appropriate DHMH staff.

This is your  
chance to  
speak out –  
Don't miss it!
